We are looking for families who:

- Are excited about hosting a high school student in their home from another country (Recent students hail from Austria, China, Germany, Italy, Korea, Taiwan and Vietnam)
- Can offer a student their own bedroom and a quiet place to study
- Are committed to hosting a student for the 10-month school year (Short term options also occasionally available)

Host families do not need to have a student at Bishop Blanchet to be considered. A monthly stipend of \$1200 is offered for opening up your home and welcoming a student into your family!
